MANTI SUMMER SCHOOL

Superintendents Nelson and Magleby Announce Fourth Annual Session.

The School Will Open July 5th for Six Weeks-Six Teachers Engaged-College Courses Offered.

The yearly summer school at Manti liffers from the usual teachers' institute held in most countles of the State, The usual institute lasts for one or two weeks and is devoted to lectures on various educational topics or on school methods. The purpose of the Manti summer session is to give teachers thorough courses of regular instruction and daily class work in science, mathematics, history, literature, art, methods, and psychology. For this purpose the services of some of the best teachers in the State are secured each year. The teachers who attend as students usually choose two studies and by putting in three or four hours per day on each subject chosen, they go through the subject or some definite division of it in a single session of six weeks. The summer school has already had four suc-cessful sessions. The present session is even more promising than former ones have been, owing to the co-operation of the school superintendent of Sevier county with the superintendent of Sanpete county. The united efforts of the two counties will produce more good than if only one were directly interested, as has been the case heretofore. Supt. A. C. Nelson, of Sanpete county, and Supt. Jacob Magleby, of Sevier county, are the managers. The faculty

S. L. OFFICIALS HAVE RETURNED.

Held Conference in Omaha With Union Pacific Executives.

MID-LAKE BATHING PLACE

Report of Hutchinson's Resignation-Santa Fe Opens New Route Chicago to San Francisco.

Messrs. Bancroft, Eccles and Calvin returned today from Omaha, where they have been in conference with officials of the Union Pacific. The results of this conference will, of course, be announced from time to time in official circulars issued from headquarters of either line. All that has been done is for the betterment of the joint service of the two systems and for the more convenient operation of trains in the carrying of through passengers or

freight. Heretofore the "News" has failed to dignify the matter with notice of any kind, but now calls attention to this fact: Omaha people are so terribly anxious to get possession of the gen-eral headquarters of the Oregon Short Line that the talk of their removal from Salt Lake is periodically sprung upon the public. The proposition is so absurdly ridiculous that the newspapers of Omaha present a very grotesque spectacle at times in their "falling over one another" to make the announcement and to give "reasons" for such a change. It is a plain fact that the physical interests of the Union Pacific and the Oregon Short Line are so in ter-dependent that a very close alliance must always exist, but for a proper balancing of business and an equitable adjustment of the railroad situa. tion the two systems must continue to be operated separately and individually yet meeting each other's demands without threats of reprisal. The plain proposition is that they can afford to treat each other honestly.

ALMOST A DREAM.

Possibilities Connected With the Lake Cutoff Almost Limitless.

'I see that Hoyt Sherman and Dick Gray are going to build a railroad across the lake," said a railroad man "They say they are also going to build a bathing resort out in the middle of the pond, presumably at its deepest point. When that occurs the Southern Pacific will grant stopover privileges to tourists, and then you will near the porter call out, 'Promontory!

hange suits for a bath! "But, laying all joking aside, this cutoff will be a great thing and that bathing resort will surely be built, and there will be a hotel there, too, and some of the now celebrated sanitariums of this country will sink into insignificance as compared with it. As I look at it. the scope of possibility connected with the project is almost limitless and their contemplation now would almost appear like a fairy dream."

NEW ROUTE.

Santa Fe to Operate Trains Chicago

to San Francisco. Beginning next Sunday the Santa Fe railroad will have a passenger route of its own between Chicago and San Francisco. At 10 o'clock that night the road will start out of Chicago the first passenger train scheduled to be operated over the new 400 mile extension from Barstow to San Francisco. The extension will be the last link of another trans-continental route and it will give to the Santa Fe the only Chicago-Frisco route owned by one company. Leaving Chicage at 10 p. m. Chicago-Frisco train will arrive at Fort Richmond, on the eastern side of the Golden Gate Bay at 6 p. m. of the fourth day out, covering the distance between the two cities in approximately three and three-fourths days.

Not Confirmed.

Mr. Clay of the Union Pacific says he has received no official notice of the resignation of General Passenger Agent Hutchinson at Omaha, but while such is the case he does not question the acuracy of the Associated Press report, and expects to soon receive authoritative netice.

Burlington Held Up.

A masked robber started through the Pullman car on the Omaha-Billings train on the Burlington after leaving York, Neb. this morning. He got two watches and \$70, but took alarm, pulled the air brake and left the train before completing his work.

Takes Railroad Position.

A special to the Atlanta, Ga., Constitution from Savannah today, says: It is reported here that President S. Knott of the Plant system will resign that position to accept the presidency of a northern road. Mr. Knott could not be seen to verify the report. He has been with the Plant system less than a year, having been elected last October to the position of vice president, succeeding President R. G. Er-win. He was formerly vice president of the Lousiville & Nashville.

SPIKE AND RAIL. A new switch engine is at work at the

Western yards, 'Hundreds of men are being put to

work daily on the Southern Pacific.

Hagerman tunnel and pass on the Colorado Midland have been abandoned. The Oregon Short Line will carry the Opal club to Ogden on Sunday morn ing. Other people are also welcome to

Henry Finehout, aged 81, died at St. Paul on Sunday. He is reported to have spent sixty years in railroading without an accident. The Tabernacle choir is out at Saltair

and the members are having a fine time in the brine. There are numerous friends along with them.

There is rushing over the Southern Pacific today a full train of refrigerator cars loaded with Lemp's beer, consigned to Manila, Philippine Islands,

On July 19th there will be a big Democratic ratification of the national ticket and for the occasion the Rio Grande Western announces a half fare rate from all points in Utah This is the day when the Twenty-first

ward people hold their spring festival at Lagoon. Old and young are out in

full force. Their program is excellent for they know how to entertain, having already established a reputation as one of the "Banner Wards." Henry C. Payne of the Republican national committee left New York for

lars as to the Hill coup to a business friend in Montreal, who repeated the story in New York.

Samuel A. Hutchinson, after seventeen years' service with the Union Pacific, in nearly every capacity in the passenger department up to second place in that department, has resigned to take a better position elsewhere, said to be on an eastern road. He came to Omaha seven years ago as assistant general passenger agent. Other resig nations, it has been rumored, would follow close upon that of Mr. Hutchinson, but General Manager Dickinson and Superintendent of Motive Power McConnell last night, prior to their departure on a business trip to Chicago asserted that they knew of none, in the

operating department, at least

It is economy for a lady to use this Calculating Pencil. Not a week passes during which she would not save money by avoiding mistakes. It is true the amounts lost through wrong change are not large. But they amount to a goodly sum during the year. They are much more frequent than you would think. Here is what happened to a lady in a department store. She bought seven yards of goods at 15 cents, and nine yards at 19 cents. The clerk charged her \$1.15 and \$1.71. The lady checked off her bill with her Calculating Pencil and found that seven yards at 15 cents is \$1.05 instead of \$1.15, thereby saving 10 cents. The clerk, who did not inten to cheat, bought a pencil so as to avoid future mistakes. Ladies can buy this instructive educational device at the 'News" office, or any of its agencies, for 25 cents.
